## OBJECTIVE

---

Aiming for a position as a Junior Java Developer where I can use my programming skills while working on complex projects. I take great pleasure in learning new technologies and I can contribute effectively towards developing user-friendly applications and knowledge to develop innovative solutions.

## EDUCATION

---

**CGPA - 9.2**

**Bachelor of Information Technology**

**(2020 - 2024)**

SNS College Of Technology

## SKILLS

---

**Technical Skills**      HTML and CSS, React Basics, Java Programming, Spring boot Basics

MySQL, Flutter, Dart Basics, Git, and GitHub

**Soft Skills**              Motivated, Friendliness, Empathetic Listening, Team Building

## PROJECTS

---

**Employee Management System**

**Jan 05, 2023 - Feb 05, 2023**

- Demonstrated proficiency in developing a comprehensive full-stack CRUD application utilizing Spring Boot and React Hooks with Functional Components.
- Led the creation of RESTful web services employing Spring and MySQL for the backend, complemented by testing procedures using Postman. Successfully integrated Axios to manage REST API functionality within the React frontend.

**Project Scheduling And Workflow Automation System - Protracker**

**Aug 06, 2023 - Jan 20, 2024**

- ProTracker is a project management solution designed to enhance collaboration, efficiency, and transparency within project teams.
- Developed using the MERN stack, it optimizes resource allocation and fosters improved communication and collaboration among team members and stakeholders

## CERTIFICATIONS

---

Responsive Web Design - **Freecodecamp**

Nanodegree in Java - **PrepInsta**

## EXPERIENCE

---

**Position: Web Development Intern**

**Jul 20, 2022 - Aug 12, 2022**

**SMCT Technologies, [Coimbatore]**

Engaged in a dynamic internship program focused on web development, gaining hands-on experience in various aspects of the field. Collaborated with a team of developers to contribute to the design, development, and deployment of web applications, enhancing proficiency in technologies such as HTML, CSS, JavaScript, and relevant frameworks.
